

# SOTO

## AUSTRALASIA

### MID YEAR RETREAT

## KINGSCLIFF

### 4 & 5 July 2020

## Paediatric adjusting from an SOT perspective A Doctor sharing knowledge exchange.

Join us, for this 2 x Half Day DC sharing session, where we will cover a whole range of paediatric topics including but not limited to -

- Cranial Development before age 7
- How tongue position guides cranial development
- Rehab of a dysfunctional tongue.
- Share with experienced SOT doctors their clinical pearls managing paediatric cases
- Learn to adapt your SOT knowledge for the paediatric patient
- SOT Paediatric Brains Trust Round Table—an around the table discussion of what you'd like to see in a SOT Paediatric module development

Escape to Northern NSW, and retreat with us at a destination with natural beauty, discover beautiful beaches, tranquil rivers, rainforest and mountains. Kayak, dive and surf and of course sample local food and wine.
