Grafton NSW. 2460.

**OMAHA:** This year Omaha started for 18 Australian Chiropractors and Assistants with a Jumbo flight on 22.9.76. overnight to Honolulu. Thence to San Francisco, Chicago (where five took off on private tours) Moline then on to Omaha.

This year in excess of 500 Doctors of Chiropractic plus a large Assistants Class gathered at the New Tower Motel Courts to learn first hand the results of the last years research of Dr. M.B. De Jarnette's incredible mind. We were not disappointed and with a few exceptions all were completely satisfied with the high standard of instruction this year.

There is little doubt now in anyones mind that the Specialist of the future will need to have a complete understanding of the cranial vault and it's specific manage ment. There will be few however who will undertake the many hours of study necessary to become master of this incredibly difficult sphere, to those who do we salute you because these two Chiropractors are already on the same road.

To many the Cranial Seminar was a completely new look at health, to others it was a chance to gain more practical insight. Dr DeJarnette say's it like this. 'You now begin your experience in the human cranial field. This will be a very broad and thrilling experience. Patience will be your watchword, and progress your objective. Cranial technique is a very highly skilled calling and it's application will require much time, observation, drills and observations. The cranium is not adjusted symptomatically, because it is not a symptomatic part of man, rather it is 80% of his total capabilities and his ability to live in health and cope with disasters. You are an infant in a highly specialised field and you must learn learn each step, and learn the total step by step. You must be willing to utilize time in learning Cranial Technique. It will not come easily, but it will prove it's need as such is applied.'

To those who decided to give Omaha a miss this year then you missed the biggest happenning in DeJarnette's long career and you have lost something which will be impossible to regain. To those who hope to pick it up from the book only, you have an awfully hard row to hoe, for it is virtually impossible to express in a book just how it should be done. Major has done a magnificent job in the manual but this is surely no substitute for personal instruction at Omaha. In the future only those who have had instruction at Omaha in the current year can receive any further instruction from certified S.O.I.O. instructors so we all hope that there will be no absentees next year.

The first three days were devoted to Cranial Technique and the last three days were taken over by S.O.R.S.I. Here the majority of DeJarnettes work with the exception of Cranial was presented, in a very well organized series and the organizers should be commended for a job well done. Section Three of the S.O.R.S.I. program was for advanced work of a research nature and in particular the presentations of Dr. DeMann on the use of Bio-Magnets in the restoration of health, and Dr. Rees for a most clear and concise presentation on the I.S. line and it's external Bio-Feedback pathways were a most worthwhile experience.

The Friday night saw the Annual S.O.R.S.I. Banquet and some 400 plus were in attendance. The biggest yet and next year will be bigger. This year Peony Park Ball room was utilized for the first three days of Cranial instruction and was used again for the Banquet and dance on the Friday night. This year the organization and presentation was superb thanks to the magnificent efforts of the S.O.R.S.I. committee and co-ordinated by Dr. Lorraine Bonte and Dr. David Denton. Dr DeJarnette was mildly roasted in the Sprit of 76 (this is DeJarnettes 76th year) by a number of fine people who have been associated with him over the years. One of the highlights of the evening was the presentation of Doctor of the year to Dr. M.L. Rees of Sedan Kansas. An award well deserved and a lasting tribute to the many years of work and research in association with Dr DeJarnette. The evening went like clockwork and even was presented nearly right on time throughout. It was a beautiful evening for all and I know that Dr. DeJarnette felt deeply moved by the evening which he finished with the most accomplished display of dancing wearing out a succession of lovely partners while remaining very bushy tailed himself.

ANNOUNCEMENT: AT THE S.O.R.S.I. BANQUET AT THE INVITATION OF THE ORGANIZERS AND A SHORT TIME AFTER DR. HELEN DELUE'S HILARIOUS PERFORMANCE AT THE ROAST I WAS GIVEN AN OPPORTUNITY TO HAVE A FEW LICKS MYSELF, THIS I DULY DID TO START, HOWEVER THE SECOND PART OF MY SECTION WAS TAKEN UP WITH AN ANNOUNCEMENT REGARDING THE FUTURE OF BOTH KEITH AND MYSELF AND S.O.T. IN AUSTRALASIA.

WE IN ASSOCIATION WITH R. MITCHELL D.C. OF CANBERRA WILL BUILD NEXT YEAR THE LARGEST CLINICAL, TEACHING AND RESEARCH FACILITY ASSOCIATED WITH SACRO OCCIPITAL TECHNIQUE IN THE WORLD. CERTAINLY THIS WILL BE THE LARGEST SUCH INSTITUTION IN THE SOUTHERN HEMISPHERE AND WILL BE CONSTRUCTED IN CANBERRA EARLY NEXT YEAR. IT WILL BE CALLED 'THE DEJARNETTE CHIROPRACTIC INSTITUTE'. THIS FACILITY IS PROJECTED TO BE COMPLETED AROUND THIS TIME NEXT YEAR AND WILL GO INTO IMMEDIATE USE HOWEVER THE OFFICIAL OPENING WILL BE CONDUCTED IN AUSTRALIA BY DR. DEJARNETTE HIMSELF AND PLANS WILL BE MADE TO BRING A CHARTERED PLANE LOAD OF D.C.'S FROM THE U.S. AND CANADA EARLY IN 1978 FOR THE OCCASION. IT HAS ALSO BEEN SUGGESTED THAT THE BIGGEST CHIROPRACTIC SEMINAR EVER HELD IN AUSTRALIA MAY WELL BE THE RESULT AND WHO KNOWS MAYBE WE CAN ORGANIZE THE FIRST CRANIAL SEMINAR OUTSIDE OF NORTH AMERICA AND SET THE STAGE FOR AN ANNUAL HAPPENING IN THE SOUTHERN HEMISPHERE.

ALL THIS MEANS OF COURSE IS THAT BOTH KEITH AND MYSELF WILL BE MOVING OUR LOCATION TO THE SOUTH SOMEWHAT AND WE CAN NOW OFFICIALLY OFFER A MOST LUCRATIVE PRACTICE FOR SALE IN A MOST PLEASANT RURAL LOCATION. (PLEASE EXCUSE THE PLUG)

THE CONSTRUCTION OF THIS BUILDING WILL GIVE S.O.T. A PERMANENT HOME IN THE SOUTHERN HEMISPHERE AND WE WILL BE PROVIDING AN OPPORTUNITY FOR THE STUDENTS OF THE I.C.C. TO GAIN VALUABLE CLINICAL EXPERIENCE AT FIRST HAND IN THE FUTURE BEFORE THEY GRADUATE. WE WILL HAVE SEMINAR FACILITY UPSTAIRS IN THE MEZZANINE SECTION AND ROOM IS BEING PROVIDED FOR A COMPUTUR TO AID IN OUR RESEARCH AND TO PROVIDE INSTANT INFORMATION ON CLINICAL CONDITIONS WHEN REQUIRED. WE ALSO ENVISAGE WHEN THINGS ARE RUNNING AND THE COMPUTUR IS FULLY PROGRAMMED THAT OTHER S.O.T.ERS WILL BE ABLE TO TAP INTO OUR FACILITY WITH AN ON LINE SYSTEM PROVIDED IT IS ECONOMICALLY FEASIBLE.

TO THOSE OF YOU WHO MAY HAVE HAD AN INKLING AS TO WHAT WAS UP WE CAN NOW CONFIRM THAT CHIROPRACTIC IS GROWING UP FAST. WE NOW HAVE A COLLEGE WE CAN BE PROUD OF AND NOW A PROFESSIONAL CLINIC IS PLANNED THAT WILL PROVIDE ADVANCED TRAINING AND CLINICAL RESEARCH IN A SPECIALISED FIELD OF CHIROPRACTIC THAT IS BECOMING ONE OF THE MAJOR AVENUES OF APPROACH IN AUSTRALASIA.

HONEY: NOW HERE IS A NEW SUBJECT IF EVER THERE WAS ONE. SOME TIME AGO A DELIGHTFUL PUBLICATION CALLED 'THE HONEY BOOK' CAME INTO OUR HANDS. IT WAS PUBLISHED BACK IN THE TWENTIES AND CONTAINS MANY USEFUL RECIPES BUT ALSO LITTLE KNOWN FACTS ABOUT HONEY AND EVEN SOME ADVICE AS TO THE CURATIVE PROPERTIES OF HONEY IN SPECIFIC HUMAN AILMENTS. FROM TIME TO TIME I WILL INCLUDE EXTRACTS FROM THIS SMALL TOME.

COMPOSITION OF HONEY HONEY CONTAINS 75% OF INVERT SUGAR - THAT IS, SUGAR WHICH CAN BE ASSIMILATED BY THE BODY WITHOUT CHANGE, AND THEREFORE WITHOUT TAXING THE DIGESTIVE ORGANS. THIS INVERT SUGAR COMPRISES TWO DIFFERENT SUGARS: ONE LEVULOSE, WHICH REMAINS LIQUID FOR A LONG PERIOD; THE OTHER DEXTROSE WHICH CRYSTALLISES. IT IS THE PREPONDERANCE OF ONE OR OTHER OF THESE TWO SUGARS WHICH DETERMINES THE CONDITION OF THE HONEY - LIQUID, PARTLY CANDIED, OR SOLID.

IN ADDITION, THERE ARE A NUMBER OF MINOR INORGANIC ELEMENTS IN HONEY WHICH GIVE IT A HIGH VALUE ABOVE CANE SUGAR.

THE HUMAN BODY REQUIRES FOR IT'S DEVELOPEMENT AND WELLBEING CERTAIN INORGANIC ELEMENTS: PHOSPHORUS, IRON, CALCIUM, MAGNESIUM, CHLORINE, SODIUM, POTASSIUM, SULPHUR, MANGANESE AND SILICON. WITH THE EXCEPTION OF SILICON ALL THESE ELEMENTS ARE FOUND IN THE ASHES OF HONEY OF VARIOUS ORIGINS.

SUGAR, ALTHOUGH AN ENERGY PRODUCING FOOD, HAS NO TRACE INORGANIC MATTER. (WHITE SUGAR) IT CONSISTS OF CARBON, HYDROGEN AND OXYGEN ONLY.

CONSIDERING THE EXCELLENT QUALITIES OF HONEY, AND IT'S MODERATE PRICE, IT SHOULD BE USED FAR MORE EXTENSIVELY.

FOR OBSTINATE COUGHS (PARTICULARLY IN THE ELDERLY) MIX EQUAL QUANTITIES OF HONEY, LINSEED OIL, AND WHISKY. DOSE: ONE TABLESPOONFUL 3 OR 4 TIMES A DAY.

(ED. NOW JUST BECAUSE IT CONTAINS THE SCOTSMAN'S NECTAR IS NO EXCUSE TO DEVELOPE A COUGH)

CATEGORIZATION AND CATEGORY TWO. ONE OF THE MOST IMPORTANT ASPECTS OF S.O.T. AND THE ASSOCIATED CRANIAL TECHNIQUE IS PROPER CATEGORIZATION. EVERY DAY WE ALL MAKE MISTAKES IN THIS REGARD AND MUCH MORE TIME MUST BE DEVOTED TO PERFECTING OURSELVES. MANY OF US HAVE OUR OWN PET LITTLE INDICATORS FOR THIS OR THAT AND SOMETIMES THIS LEADS ONE TO BE COMPLACENT AND NOT CATEGORIZE THE CORRECT WAY. IT IS NOT CORRECT FOR INSTANCE TO USE THE SHORT LEG IN THE PRONE AND SUPINE AS AN INDICATOR OF A CATEGORY TWO, THEN PROVE IT USING SOME OTHER TEST. IT IS NOT CORRECT TO ASSUME SOMETHING FOR THEN YOUR SECOND TEST IS THEN APPROACHED WITH A BIASED FRAME OF MIND AND MUST HAVE A BEARING ON THE OUTCOME OF SUBSEQUENT TESTING. DR. DEJARNETTE HIMSELF HAS STATED THAT IT IS QUITE POSSIBLE FOR A CATEGORY ONE TO HAVE A SHORT LEG PRONE AND SUPINE WHERE AS WE DO NOT FIND A CATEGORY ONE HAVING ARM FOSSA FAILURE, FOURTH CERVICAL PAIN OR ABNORMAL RIB MOTION ETC. A MISTAKEN CATEGORY CAN RAISE ALL SORTS OF PROBLEMS LATER ON FOR THE POOR PATIENT PARTICULARLY FOR A CATEGORY TWO WHO IS BLOCKED AS A CATEGORY ONE.

CATEGORY TWO, AS MANY OF YOU HAVE DISCOVERED, IS BIGGER THAN MOST OF YOU HAD REALISED. THE TRAGEDY OF CATEGORY TWO IS OVERSIMPLIFICATION. THIS IS ONE OF THE MOST COMPLICATED TRAUMAS AFFECTING HUMAN BEINGS. THE PATHETIC TALE OF THIS CATEGORY TWO IS ITS PROFESSIONAL ABUSE BY SO MANY. WHEN YOU ANALYZE THIS SACROILIAC WEIGHTBEARING SUBLUXATION FULLY, YOU FIND THAT IT COMPLICATES ALL OF MAN, AND MAKES HIM A SYMPTOMATOLOGY TEXTBOOK. IF YOU ATTEMPT TO TREAT THE CATEGORY TWO SYMPTOMATICALLY, YOU END UP WITH A TOTALLY COMPLICATED MESS. THE ONE BIG ADDITION TO CATEGORY TWO MANAGEMENT IS THE CRANIAL BASIC TWO. IF THIS CRANIAL BASIC TWO IS DONE ALONG WITH THE RESPIRATORY ARM FOSSA AS TAUGHT IN CRANIAL TECHNIQUE YOU TRULY ACCOMPLISH WONDERS. THIS MIRACLE IS ALWAYS COMPLICATED BY "LET'S DO IT AGAIN JUST TO SEE" AGAIN, WE DO NOT ACCEPT CORRECTION AS A TOTALITY. WE KEEP THINKING THAT WE HAVE TO REPEAT SUCCESS UNTIL IT BECOMES TOTAL FAILURE.

IF A BRICK LAYER POSITIONS A BRICK INTO MORTAR AND ALIGNS IT, HE DOESN'T GO BACK THE NEXT DAY AND POUND ON IT TO SEE IF IT IS SET. LOOK AT YOUR CATEGORY RECORDS AND YOU FIND THE FIRST BLOCK CORRECTION TO BE SPECTACULAR. THE SECOND LESS SO AND THE THIRD CAN BE A DISASTER AND YOU HAVE TO BEGIN ALL OVER. RESPECT CORRECTION AND HANDS OFF.

THE SUCCESSFUL S.O.T.'ER IS THE WORLDS FINEST INTERPRETER OF BODY LANGUAGE AND DOING EXACTLY WHAT IS INDICATED TO BE DONE, NOT WHAT HE THINKS OR IMAGINES SHOULD BE DONE. S.O.T. WORKS MAGNIFICENTLY PROVIDED YOU FOLLOW THE RULES, ALL YOU HAVE TO DO IS BECOME THE BEST. THE ROAD IS NOT AN EASY ONE AND MANY HOURS OF STUDY AND PRACTICE ARE INVOLVED. SURELY THE HEALTH OF YOUR PATIENTS IS WORTH THE EFFORT. JUST THINK IF WE HAD TO RETURN TO THE PATIENT THE FEE IF WE HAD MADE A MISTAKE. THERE WOULD BE SOME MIGHTY POOR CHIROPRACTORS ABOUT I'M SURE, BUT WE ALL CAN BE MORE EXACT WITH MORE APPLICATION TO BECOME THE GREATEST.

---

THE SUBLUXATION. EVERY HUMAN BEING HAS A CHAIN OF EVENTS IN HIS LIFE WHICH LEADS TO SPECIFIC CONSEQUENCES. THOSE EVENTS ALWAYS HAPPEN IN AN ORDERLY FASHION. TO RETURN THE SICK TO HEALTH AND TO FREE THOSE IN PAIN, WE MUST REVERSE ALL ABNORMAL PROCESSES. THIS IS THE ORDER OF SACRO OCCIPITAL TECHNIC, YOU MERELY REVERSE THE ORDER OF RECOVERY AND YOU PRODUCE DISEASE AND PAIN.

THE PATIENT HAS THE CAPABILITY OF TELLING YOU HIS STAGE OF DISEASE AND PAIN DEVELOPEMENT. THE OCCIPITAL FIBRE ADVISES YOU OF HIS NEUROLOGICAL AND PATHOLOGICAL PROBLEMS. THE TRAPEZIUS INFORMS YOU OF HIS MUSCULAR AND ARTICULATIVE PROBLEMS. THE STEPS THAT YOU TAKE ARE ORDERLY IN THAT THEY NEUTRALIZE AS THEY GO. NEUTRALIZE A TISSUE IN A STATE OF DISEASE, DISTORTION OR PAIN, AND IT HAS INSTANT RECALL TOWARDS NORMAL. A HUMAN BEING DYING OF A MALIGNANCY AND WITH BUT A FEW HOURS OF MORTAL LIFE CAN, WHEN PROPERLY NEUTRALISED, USE THIS RECALL TO PEACEFULLY LEAVE THIS LIFE AND ENTER HIS REWARD. NATURE FOREVER TRIES TO MAKE YOU "EASY". NATURE IN HER OWN WAY FIGHTS DISEASE AT EVERY STEP. YOU HELP AND MIRACLES ARE FORTHCOMING.

THE CHIROPRACTIC ADJUSTMENT IS NOW IN PROPER FOCUS. IT IS NO LONGER THE PRIMA FACIE REMEDY FOR ALL HUMAN ILLS. IT IS THE RELEASE OF THE ARTICULAR STRESS AT SPECIFIC TIMES AND IN SPECIFIC MANNERS. RELEASING THE AREA OF ARTICULAR SUBLUXATION RETURNS THE VITALITY PROCESS TO NORMAL, FOR THE SUBLUXATION AS IT IS KNOWN IN CHIROPRACTIC DOES ONE SPECIFIC THING. "IT DEVITALIZES ALL TISSUES" (DEJARNETTE 1966)

---

**CRANIAL TECHNIQUE:** THERE IS ALWAYS SOMETHING NEW IN THE CRANIAL FIELD, AND PERHAPS THERE ALWAYS WILL BE NEW AREAS OF EXPLORATION. DR. DEJARNETTE HAS BEEN IN CRANIAL TECHNIQUE FOR MORE THAN FIFTY YEARS, AND HAS NO DOUBT SEEN THIS FIELD GO IN A HUNDRED DIFFERENT DIRECTIONS, TO ALWAYS COME BACK TO THE ORIGINAL TENETS OF DR. SUTHERLAND.

CRANIAL TECHNIQUE IS CERTAINLY NOT A MATTER OF STRENGTH FOR YOU DO NOT MOVE CRANIAL BONES BY KNOCKING ON THEM OR SHOVING OR ANY OTHER KIND OF GROSS MOVE. YOU MOVE CRANIAL STRUCTURES BY MOVING THE RECIPROCAL TENSION MEMBRANES. THE OUTSIDE OF THE SKULL IS JUST SOMETHING TO LOOK AT AND IF IT IS A PRETTY SHAPE IT IS A NICE OBJECT OF ARTISTIC DEVELOPEMENT. IF A CRANIUM IS MISSHAPEN, IT IS NOT AN OBJECT OF ART BUT USUALLY AN OBJECT TO BE ATTACKED BY THOSE WITH BIG HANDS AND SMALL BRAINS.

EVERY GERMAN MOTHER KNEW THAT HER BABY SHOULDN'T LIE IN ONE POSITION FOR HOUR AFTER HOUR AND MOST GERMANS HAVE NICELY FORMED SKULLS. THE BABY SKULL IS A PRETTY SOFT OBJECT, AND IT WILL CONFORM TO THAT ON WHICH IT RESTS. MOST MOTHERS SIMPLY THROUGH MOTHER LOVE, FONDLE THEIR BABIES SKULLS IN A FASHION TOTALLY INNATE, AND FORTUNATELY THAT FONDLING IS EXACTLY WHAT THE BABY NEEDS.

MOST BABIES WHO CRY AND WHINE AND REFUSE FOOD AND HAVE A HUNDRED PHYSICAL PROBLEMS, HAVE CRANIAL PROBLEMS, WHICH MOSTLY ESCAPE ATTENTION, BECAUSE THEY ARE ON THE INSIDE. THIS IS UNFORTUNATE, BECAUSE WHAT MOTHERS DO NOT SEE THEY DO NOT UNDERSTAND. THE INFANT CRANIUM IS THE MOST INTERESTING THING ABOUT A BABY AND ITS DEVELOPEMENT IS TRULY A MARVELLOUS ADVENTURE.

IMAGINE IF YOU CAN, A PRINTED CIRCUIT IN YOUR OFFICE THAT COULD DO A FEW SIMPLE THINGS, AND IMAGINE HOW COMPLICATED IT WOULD BE. TRY AND COMPARE THAT SIMPLE PRINTED CIRCUIT WITH THE HUMAN BRAIN AND SEE HOW QUICKLY YOU BECOME TOTALLY CONFUSED. THE BABY LEARNS VERY SIMPLE THINGS SUCH AS IDENTIFICATION OF HIS HANDS AND FINGERS. THAT CIRCUIT ALONE WOULD KEEP AN ADULT BUSY FOR FIFTY YEARS IF HE TRIED TO CONSTRUCT IT. EVERYTHING THE INFANT DOES, IS A NEW LEARNING OR A REPEAT LEARNING EXPERIENCE...EVERY WORD, AND EVERY FUNCTION SUCH AS HUNGER, ANGER, PAIN, ETC. MOTHER'S LOVE PROBABLY OCCUPIES MORE SPACE IN THE DEVELOPING BRAIN THAN DOES ANY OTHER FUNCTION AND IF THAT LOVE IS NOT FORTHCOMING, THAT SPACE IS USED FOR OTHER THINGS AND NOT ALL ARE DESIRABLE.

THE INFANT THAT IS ONE DAY OLD IS A DEVELOPING PERSON AND ALL IMPRESSIONS CAPABLE OF BEING ACTED UPON ARE FORMED IN SOME PART OF THAT INFANTS BRAIN. IT IS MOST FORTUNATE THAT OUR CREATOR KNEW THAT MOST OF WHAT WE LEARN, WE DO NOT NEED TO RECALL, SO IT IS BURIED DEEPLY INSIDE THOSE THINGS WE DAILY USE AND IMPROVE UPON. THE INFANT'S BRAIN HAS TO LEARN HOW TO COMMAND MUSCLES TO MOVE ARMS AND LEGS...AS THE CHILD GROWS OLDER, THOSE THINGS ARE AUTOMATIC.

ALL THINGS NOT NORMAL IN THE INFANT MUST BE CORRECTED AS AN INFANT'S PROBLEM. IT IS A WASTE OF TIME TO TRY AND CORRECT A FAULT IN A NINETY YEAR OLD MAN THAT DEVELOPED IN A TEN WEEK OLD INFANT, YET THAT IS BEING DONE DAILY IN ALL TYPES OF DOCTORS OFFICES.

DID YOU EVER STOP AND THINK HOW BUSY ORTHODONTISTS WOULD BECOME IF BUCK TEETH SUDDENLY BECAME FASHIONABLE? THE DENTIST IS PERHAPS THE ONLY MEMBER OF HUMAN HEALTH SERVICES WHO DO CONCERN THEMSELVES WITH CHILDHOOD PROBLEMS, AND FOR THAT CONCERN WE CERTAINLY COMPLIMENT HIM. IF CHIROPRACTORS KNEW AS MUCH ABOUT THE CRANIUM AS DENTISTS DO ABOUT OCCLUSIONS AND BITING SURFACES ETC., WE COULD IMPROVE THE HUMAN RACE IN ONE GENERATION. IT IS NOT A MATTER OF GENES OR CHROMOSOMES, BUT IT IS A MATTER OF SKULLS AND THEIR CONTENTS THAT SHAPE THE DESTINY OF HUMANITY AND THIS PLANET.

EVERY STUDENT IN EVERY CHIROPRACTIC COLLEGE THROUGHOUT THE WORLD SHOULD AS PART OF HIS CURRICULUM BE MADE TO HOLD A SKULL IN HIS HANDS FOR FIVE HOURS PER DAY FOR THIRTY DAYS. THIS WOULD CERTAINLY IMPRESS UPON THEM THAT THE SKULL ISN'T SOMETHING TO GROW HAIR ON OR FIT INSIDE A FOOTBALL OR MOTORCYCLE HELMET.

THE ASTHMATIC YOU SAW YESTERDAY WAS AN ASTHMATIC BEFORE HE WAS A YEAR OLD, SO NOW HE IS SIXTY AND HIS SKULL IS AS HARD AS A ROCK. IF YOU CAN SOFTEN THE FEEL OF THAT SKULL BY CORRECTING SOME OF THE INSIDE PULL, YOU CAN CERTAINLY HELP THAT ASTHMA MORE THAN YOU COULD BY TRYING TO ADJUST VERTEBRAE THAT HAVE NOTHING TO DO WITH THE CAUSE OF HIS ASTHMA IN THE FIRST PLACE. VISIONS OF THE FUTURE OF CRANIAL TECHNIQUE ARE LIMITLESS.

**SEMINARS** THERE ARE TWO MORE SEMINARS SCHEDULED THIS YEAR IN NOVEMBER ON 13TH. & 14TH. AND DECEMBER 11TH. & 12TH. NEXT YEAR WE INTEND TO START IN CONJUNCTION WITH THE I.C.C. A SERIES OF BASIC SEMINARS WHICH WILL BE CONDUCTED IN SYDNEY. A FEW DETAILS HAVE YET TO BE FINALISED WITH THE I.C.C. YET AND SUITABLE DATES MUST BE CHOSEN. WE FEEL FEBRUARY 12th. & 13th. WILL PROVE THE BEST DATE HOWEVER ALOT WILL DEPEND ON WHEN DR. DEJARNETTE HAS NEXT YEARS NOTES AVAILABLE.

NOW THE NOVEMBER SEMINAR IS RESTRICTED TO CRANIAL TECHNIQUE ONLY AND WILL INCLUDE A VERY FINE COURSE FOR ASSISTANTS. THE FOLLOWING DOCTORS ARE ELIGIBLE TO ATTEND THE MELBOURNE CRANIAL REVIEW ON NOVEMBER \* 13th. & 14th. : PIERA, MACPHERSON, SIMS, C. HART, CORONEOUS, STASANOWSKY, N. CREED, T. CREED, M. CERUTTY, LOGAN, A.G. THOMSON, SEIFORD, POSTLES, MITCHELL AND BIRD. ASSISTANTS OF THE ABOVE CHIROPRACTORS ARE ELIGIBLE TO TAKE THE ASSISTANTS COURSE. THE ASSISTANTS HOLDS ARE 70% OF ACTUAL CRANIAL WORK SO IT IS MOST ESSENTIAL THAT YOUR ASSISTANT WORK IN HARMONY WITH YOU AND YOU CAN CONCENTRATE ON WHAT YOU ARE DOING. YOU CAN BRING AS MANY ASSISTANTS AS YOU PLEASE AND WE WILL BE WORKING WITH YOU ALL TO MAKE YOU THE FINEST CRANIAL GROUP IN THE WORLD. PLEASE FILL OUT THE ATTACHED FORM AND RETURN IT A.S.A.P.

IN DECEMBER WE WILL PRESENT THE SECOND C.M.R.T. SEMINAR AND THIS WILL COMPLETE THE VISCERAL TECHNIQUE AND ALSO THERE WILL BE TIME TO REVIEW BASICS 1,2, & 3 AS WELL AS THE C.M.R.T. WORK. ANY CHIROPRACTOR WHO HAS TAKEN S.O.T. THRU CATEGORIES ONE, TWO AND THREE EITHER HERE WITH US OR OVERSEAS WITH DEJARNETTE OR ANY OF HIS CERTIFIED INSTRUCTORS WILL BE ELIGIBLE FOR THIS DECEMBER SEMINAR. BOTH SEMINARS WILL BE CONDUCTED AT NOAH'S HOTEL IN MELBOURNE, BECAUSE WE GET THE BEST DEAL ALLROUND THERE. HOPEFULLY THE PROBLEMS WE HAD LAST TIME IN THE NEW DINING ROOM WILL NOW BE SORTED OUT AND WE CAN ENJOY FINE TIMES THERE TOGETHER.

**ELIGIBILITY TO ATTEND THE MELBOURNE CRANIAL REVIEW:** THERE NO DOUBT WILL BE QUITE A NUMBER WHO WERE EXPECTING TO ATTEND THE REVIEW IN MELBOURNE AND NOW FIND YOURSELVES NOT INVITED. FRANKLY WE WOULD LOVE TO HAVE YOU THERE AND THERE IS LITTLE DOUBT YOU WOULD GAIN TREMENDOUSLY BY THE EXPERIENCE. WE EACH YEAR SIGN AN AGREEMENT WITH DR. DEJARNETTE WHICH EFFECTIVELY BINDS US TO CERTAIN THINGS WE ARE OBLIGED TO DO. FOR YOUR EDIFICATION I REPRINT JUST ONE SUBSECTION FROM THIS AGREEMENT WHICH WILL EXPLAIN THE SITUATION.

4. IT IS FURTHER AGREED THAT PARTY OF THE SECOND PART, DURING 1977-1978, WILL RESTRICT ALL CRANIAL TECHNIQUE TEACHING TO THOSE WHO ATTENDED IN OMAHA, NEBRASKA SEPTEMBER 27-28-29, 1976, AND OWN "CRANIAL TECHNIQUE 1976", BY MAJOR B. DE JARNETTE, D.C., SAME TO BE REGISTERED IN THE NEBRASKA CITY, NEBRASKA, OFFICE OF MAJOR B. DE JARNETTE, D.C., AND FOLLOWING YEARS ONLY TO THOSE WHO REGISTER IN AND ATTEND A CRANIAL TECHNIQUE CLASS CONDUCTED BY MAJOR B. DE JARNETTE, D.C.

**PRACTICE BUILDING HINTS:** (THIS HAS BEEN CULLED FROM 'VASOMOTOR CONTROL' 1931)  
SET A DEFINITE DATE, ADVERTISE A CLINIC; MAKE IT A FREE CLINIC IF YOU WISH. EMPLOY AN OUTSIDE DOCTOR OR DO THE WORK YOURSELF. GIVE EACH PATIENT A CRANIAL, CERVICAL AND SEGMENTAL TEST. SHOW THEM THE CHARTS AND THAT IS POSITIVELY ALL THERE IS TO IT. BE ABSOLUTELY HONEST WITH THE PATIENT. DO NOT TRY TO SELL THEM ONE HUNDRED TREATMENTS IN ADVANCE, BUT USE THE TECHNIQUE AS OUTLINED IN THIS WORK AND SHOW THEM DEFINITE RESULTS IN A FEW TREATMENTS, AND THEY WILL SEE TO IT YOU HAVE ALL THE WORK YOU WANT.

IF WE WROTE A THOUSAND PAGES REGARDING PRACTICE BUILDING HINTS, WE COULDN'T SAY MORE OR BENEFIT YOU MORE. WE KNOW THAT VASOMOTOR CONTROL WORKS. HUNDREDS OF OUR STUDENTS KNOW IT WORKS. FOLLOW INSTRUCTIONS. BE CAREFUL. MAKE NO MISTAKES. WRITE US YOUR PROBLEMS TELL US YOUR SUCCESSES AND YOUR FAILURES. SEND US YOUR CHARTS AND WE WILL GIVE YOU ALL THE HELP POSSIBLE. WE ARE INTERESTED IN YOUR WORK.

**TO MY CHILDREN:** (FOUND IN A RECENT "BULLETIN") EACH DAY WE LIVE IS THE PREPARATION FOR THE FUTURE OF OUR LIFE. THE ACTS WE SOW TODAY FORM THE HARVEST FOR TOMORROW'S REAPINGS. WHAT WE REAP TODAY HAS BEEN PREVIOUSLY SOWN FOR US OR BY US. LITTLE IN LIFE IS ACCIDENTAL. BE NOT DECEIVED THAT YOUTH HAS A SPECIAL LICENCE TO WASTE, TO FORNIFICATE, TO INDULGE. THE LAW IS CLEAR-THE LAW IS ALSO CHANGELESS AND ALSO JUST-USE WHAT YOU HAVE THAT IS GOOD ON WHICH TO BUILD YOUR LIFE. THUS EVERY DAY WILL PRODUCE A HAPPY SUCCESSION OF TOMORROWS. DESPAIR NOT FOR YOUR FUTURE PROSPECTS IN LIFE, IN LOVE, IN MARRIAGE. YOUR FUTURE IS IN YOUR OWN HANDS. DAILY YOU PREPARE YOURSELF FOR THE PRIZE OR THE PUNISHMENT THAT IS TO BE YOURS-INDUSTRY GOES NOT UNREWARDED-NOR SELF-INDULGENCE UNPUNISHED.

REMEMBER ALWAYS-THE PRIZE AND THE PRICE ARE USUALLY EQUAL. DON'T DECEIVE YOURSELF THAT EASY PROFITS ARE THE KEY TO PERMANENT SUCCESS. WELCOME ADVERSITY AS A FRIEND AN ALLY FOR IT POLISHES THE METAL OF THE STRONG AND THE WISE, ALSO DOES IT ERODE THE WILL OF THE WEAK, THE SELF INDULGENT-ABOVE ALL YOU ARE YOUR BEST FRIEND OR YOUR WORST ENEMY

REUBEN F. SCARF
