

IN A CHIROPRACTIC OFFICE, THAT PAIN MAY INVOLVE THE TOTAL SPINE IF THE PATIENT'S WORDS ARE TO BE TAKEN SERIOUSLY, YOU, AS THE CHIROPRACTOR, KNOW FULL WELL THAT YOU COULD NOT LIVE, LET ALONE WALK INTO A CHIROPRACTIC OFFICE, IF EVERY VERTEBRA IN YOUR SPINE WERE SUBLUXATED, SO WE RULE OUT TOTALITIES AND GENERALITIES, AND COME HEAD ON INTO PRINCIPLES OF SPECIFICS AND SELECTIVITY.

THIS PROCESS OF SELECTIVITY IS KNOWN IN S.O.T. AS THE CATEGORY SYSTEM OF ANALYSIS, AND WHEN USED CORRECTLY IS THAT ONE GREAT STEP FORWARD THAT MAN HAS TAKEN IN THE TWENTIETH CENTURY. THIS PHENOMENON IS AS THRILLING AS IF WE HAD DISCOVERED A SPECIFIC CURE FOR ALL MALIGNANCIES. THE CATEGORY SYSTEM IS NOT TOTALLY SIMPLE TO UNDERSTAND, YET IT'S EFFICIENCY MAKES IT UNDERSTANDABLE WHEN YOU STOP AND CO-ORDINATE ALL OF THE PROCESSES INVOLVED.

TAKE A CATEGORY ONE. HOW MANY ABNORMAL PROCESSES ARE INVOLVED AND HOW ARE THEY INVOLVED? IT WOULD TAKE A COUPLE OF YEARS TO DETAIL ALL OF THEM, BUT IN A FEW SECONDS, HERE ARE A FEW OF THEM:

1. MAN HAS TO BORN. NO ONE YET HAS FOUND OUT HOW TO GET HERE BY ANY OTHER MEANS.
2. BEING BORN IS A RISK BECAUSE YOU HAVE TO GET OUT THE BEST YOU CAN UNDER THE CIRCUMSTANCES AS THEY EXIST AT THE MOMENT. YOUR MOTHER IS FRIGHTENED AND CONTRACTS. THE DOCTOR MAY BE IMPATIENT. THE NURSE MAY BE UPSET ABOUT SOMETHING. INSTEAD OF THE UTERUS DOING ALL OF THE DELIVERY, PERHAPS THE TOTAL PATIENT BECAME INVOLVED AND PERHAPS THE O.B. MAN PULLED AND O.B. NURSE PRESSED. IF YOU ARRIVED CORRECTLY AND WERE PROPERLY STARTED ON THIS JOURNEY WE CALL LIFE, THEN YOUR CHANCES OF GOING A LONG WAY HAVE INCREASED.
3. BEING BORN CORRECTLY IS THE FIRST STEP IN NOT BEING A CATEGORY PROBLEM. BEING BORN INCORRECTLY IS THE FIRST MAJOR STEP IN ASSURING YOU THAT YOU WILL BE A CATEGORY PROBLEM THROUGHOUT YOUR TOTAL LIFETIME. YOU THOUGHT ALL CATEGORIES GOT WELL IN FOUR VISITS DIDN'T YOU?
4. IF YOUR MOTHER NURSED YOU, SHE ALSO CORRECTED MANY OF YOUR FAULTS, BECAUSE SHE FONDLED YOUR SKULL AS YOU NURSED. IF YOU WERE A BOTTLE BABY, I HOPE THE HOLE IN THE NIPPLE WORKED YOUR SUCKER TO A FRAZZLE.
5. IF YOU WERE A SICKLY BABY, YOU HAVE HAD PROBLEMS THROUGHOUT LIFE, BECAUSE YOU HAVE BEEN AN UNCORRECTED CATEGORY ALL OF YOUR LIFETIME, AND DON'T THINK FOR A MINUTE THAT SOME CHIROPRACTOR USING S.O.T. IS GOING TO CHANGE ALL OF YOU IN FOUR OFFICE VISITS.
6. CATEGORIES BEGIN AT BIRTH IN ABOUT 80% OF ALL PATIENTS WE SEE IN ADULT LIFE.
7. CATEGORIES BEGIN AT EITHER THE CONDYLAR PART OF THE OCCIPITAL BONE OR THE SACRAL ARTICULATIONS.
8. CATEGORIES ARE AN EXPRESSION OF THE PATIENTS EFFORTS AND ABILITIES TO OVERCOME THAT WHICH HITS OR CAUSES THEM TO BE SYMPTOM INVOLVED. THAT IS WHY THE CATEGORY SYSTEM IS THE ONE SYSTEM OF CHIROPRACTIC THAT IS ACCURATE. IT IS ACCURATE BECAUSE THE CATEGORIES DIRECT YOU IN DOING WHAT THE PATIENT CANNOT DO FOR HIMSELF.
9. CATEGORIES ARE YOUR BIRTHDAYS. THEY ALWAYS HELP YOU CELEBRATE BECAUSE THEY MAINTAIN YOU AS A BEING IN COMPENSATION WITH THAT WHICH IS TRYING TO DESTROY YOU.
10. YOU DIDN'T KNOCK YOUR SACROILIAC OUT WHEN YOU PUSHED A VOLKSWAGON OUT OF A SNOW DRIFT. THAT'S WHEN YOU FELT THE PAIN AND THAT IS WHEN YOUR PHYSICAL EFFORT OVERCAME YOUR COMPENSATORY EFFORTS AND BROKE YOU CATEGORY PROTECTION. YOU DATE YOUR TRAUMA TO THE MOMENT OF PAIN. YOU PUSHED A VOLKSWAGON OUT OF A SNOW DRIFT TEN TIMES, AND FELT YOUR BACK PAIN ONCE. YOUR CATEGORY TOOK CARE OF YOU NINE OUT OF TEN TIMES, HOPING YOU WOULD WISE UP AND STOP PUSHING VOLKSWAGONS OUT OF SNOW DRIFTS.

---

THE CHIROPRACTIC ADJUSTMENT A PERSON CAME INTO THE OFFICE YESTERDAY. HE WNTED A CHIROPRACTIC ADJUSTMENT. HE DID NOT KNOW WHAT A CHIROPRACTIC ADJUSTMENT WAS SUPPOSED TO BE OR WHAT IT WAS SUPPOSED TO ACCOMPLISH. HE TAKES NITROGLYCERIN TABLETS FOR ANGINA. HE IS 78 YEARS OF AGE. WE OFFERED TO EXAMINE HIM AND X-RAY IF NECESSARY SO WE MAY DEVELOPE SOME IDEAS OF WHAT HE NEEDED, BUT HE DID NOT WANT THAT MONKEY BUSINESS. HE WANTED A CHIROPRACTIC ADJUSTMENT. HAVE YOU EVER WALKED INTO A MEDICAL DOCTOR'S OFFICE AND ASKED FOR SOME MEDICINE OR A SURGICAL OPERATION WITHOUT DETAILING YOUR PROBLEMS HEALTHWISE? STANDS TO REASON THAT THIS MAN DID NOT GET A CHIROPRACTIC ADJUSTMENT. THE TROUBLE IN OUR PROFESSION TODAY IS "THE CHIROPRACTIC ADJUSTMENT".

IT IS GIVEN UNDER MANY ALIASES. IT MAY BE THIRTY MINUTES OF MASSAGE AND HOT PACKS. IT MAY BE DIATHERMIA. IT MAY BE A COLONIC. IT MAY BE A SAUNA AND A SALT GLOW MASSAGE. IT MAY BE A DIET. WE AS A PROFESSION ARE ADVANCED ENOUGH TO UNDERSTAND THAT THERE IS NO SUCH THING AS A CHIROPRACTIC ADJUSTMENT. WE DO NOT ADJUST CHIROPRACTIC. WE ADJUST THE PROCESSES OF THE VERTEBRA OR THE PROCESSES OF THE PELVIS OR THE OCCIPUT, OR PERHAPS THE INTRACRANIAL STRUCTURES, BUT WE DO NOT ADJUST CHIROPRACTIC. THE SOONER WE ILLUSTRATE THIS POINT PUBLICLY THE SOONER THE PUBLIC WILL HAVE MORE RESPECT FOR THE MAJORITY OF CHIROPRACTORS. A FRIEND OF MINE CALLED ON A CHIROPRACTOR IN ANOTHER STATE. HE KNEW THAT HE HAD INJURED HIS CERVICAL SPINE. THE CHIROPRACTOR ADJUSTED ALL OF HIS VERTEBRAE AND THEN TRIED SEVEN DIFFERENT WAYS TO TRY AND GET THE CERVICALS TO POP. NO DOUBT MY FRIEND HAD A VERY DISAPPOINTING EXPERIENCE, YET THIS WAS SUPPOSED TO BE A "CHIROPRACTIC ADJUSTMENT".

---

HYPERACTIVE CHILDREN MUCH PROMINENCE HAS BEEN GIVEN IN RECENT YEARS TO THE PROBLEM OF HYPERACTIVE CHILDREN. WE OFTEN HAVE SUCH CHILDREN AS PATIENTS AND THE PARENTS HOPEFULLY ASK US CAN WE HELP. OUR REPLIES TO SUCH QUESTIONS ARE PROBABLY AS VARIED AS CAN BE, HOWEVER THE FACT REMAINS CLEAR THAT IF THE PATIENT HAS A SUBLUXATION WHICH IS CAUSING THE PROBLEM THEN NORMALCY WILL RETURN. IT IS POSSIBLE THAT THE PROBLEM HAS MULTIPLE CAUSES I.E. EMOTIONAL PROBLEMS, ENVIRONMENTAL PROBLEMS OR DIETARY PROBLEMS IN ADDITION TO SUBLUXATION PATTERNS AS THE BASIS FOR THE CONDITION. IN THE UNITED STATES THIS PROBLEM WAS TACKLED BY A DR. FEINGOLD A MEDICAL DOCTOR SPECIALISING IN THIS VEXING PROBLEM, FROM THE DIETARY POINT OF VIEW. HIS SUCCESS HAS BEEN RELATIVELY GOOD WITH MANY CHILDREN BY FOLLOWING A DIET FREE BASICALLY OF ARTIFICIAL COLOURING AND FLAVOURINGS AND THERE ARE NOW CLINICS IN AUSTRALIA FOLLOWING THE FEINGOLD SYSTEM AND WITH EQUALLY GOOD RESULTS.

IN OUR OWN CLINIC A NUMBER OF PATIENTS ARE NOW ON THIS SYSTEM IN ADDITION TO CHIROPRACTIC CORRECTIVE CARE AND THE RESULTS TO DATE ARE ENCOURAGING. ONE YOUNG FELLOW CAME TO US AT THE AGE OF ELEVEN AND HE WAS ON 15MG. OF VALIUM DAILY. THE AMOUNT PRESCRIBED FOR THIS YOUNG PATIENT IS MONSTROUS AND ANY ATTEMPT BY THE PARENTS TO REMOVE THE DAILY DOSAGE RESULTED IN HAVOCK AROUND THE HOUSEHOLD. EVEN ON THIS DOSE THE BOY WAS PRETTY ACTIVE AND SO HE WAS BROUGHT TO US. WITH CHIROPRACTIC CARE CORRECTING THE INTERFERENCE AND SPECIFIC CRANIAL CARE TO STABILISE AND RETRAIN THE BRAIN AND WITH THE FEINGOLD APPROACH THIS PATIENT HAS NOW VOLUNTARILY REDUCED THE DAILY INTAKE OF VALIUM TO 2.5MG. AFTER THREE MONTHS.

OVER THE NEXT MONTH OR SO WE WILL PUBLISH DETAILS OF THIS DIET IN ORDER THAT YOU MAY USE IT WHEN THESE HYPERACTIVE TYPE PATIENTS CONSULT YOU.

#### DIET FREE FROM:-

PEPPERMINT AND OIL OF WINTERGREEN (SALICYLATE) AND FROM ARTIFICIAL COLOURING (TARTRAZINE - F.D. & YELLOW NO. 5)

#### DIET RULES:-

Do not use foods containing any artificial flavouring or colouring. Examine all labels for mention of artificial flavouring and colouring.

Do not use natural foods containing peppermint, oil of wintergreen, almond oil etc. (see list of fruits). It is possible that some states do not require all foods that contain artificial flavouring and colourings be so noted on the label. This will add to the difficulties however it is better to select foods which are labeled with their contents. In the U.S. they are fortunate it is a requirement that foodstuffs are labelled, we do not have such sensible protection.

#### INDEX:

1. Beverages.
2. Bread, cereals, biscuits.
3. Animal protein foods.
4. Fats.
5. Fruit and vegetables.
6. Miscellaneous.

It should be understood by those Doctors receiving this Bulletin outside Australia that some of the foodstuffs recommended refer to what is available in Australia.

1. BEVERAGES DO NOT USE:-

Commercial soft drinks and cordials which are coloured and/ or flavoured.  
Tea, Wine, Gin, Beer or Coca Cola (or any Cola type drinks)

YOU MAY USE:-

Soda water, Milk(in our experience skim milk is best),Malted milk, Cocoa - Nestles  
Pineapple Juice, Malt-Milo (Brown Label), Coffee, Home made Barley Water, flavoured  
with honey or pineapple.

BARLEY WATER

1 Quart water  
4 oz. Barley  
Lemon,Honey or pineapple juice.

Wash Barley well. Boil Barley and water for 25 minutes. You may sweeten if you wish  
with raw sugar. Strain the liquid off then add Lemon, Honey or Pinapple to taste.

2. BREAD, CEREALS, BISCUITS.

BREAD. YOU MAY USE:-

White, Wholemeal, Vogel wholemeal is labelled "no artificiaial colouring" Other breads  
may be used only after a careful check has been made to establish the purity of product.

CEREALS. DO NOT USE:-

Cereals which are labelled "artificially coloured" or"artificially flavoured", e.g.  
examine Meusli (nuts), coloured cereals.

Kellogg's (Aust) have supplied the following list of cereals free from artificial  
flavourings and colourings:-

Corn Flakes	Corn Flake Crumbs	Rice Bubbles
Bran Flakes	Honey Smacks	Bran Buds
All Bran	Frosties	Special K
Puffed Wheat	Corn Chex	Rice Chex
Ricicles		

BISCUITS.

Arnott's have supplied the following list of their biscuits free from artificial products.

Shredded Wheat	Sesame Wheat	P/S Crackers
Peanut Crunch	Crisple Wheat	Uneda
Arno-Shortbread	Scotch Finger	Thin Captain
Milk Arrowroot	Milk Coffee	Plaza

TO BE CONT'D.

EVERY SPINE NEEDS CHIROPRACTIC CARE.

A MISSTEP IS MERELY A MOMENTARY LOSS OF BALANCE. WHAT YOUR NERVOUS SYSTEM DOES IN  
RESPONSE TO DEMANDS OF THIS RESPONSE, DETERMINES HOW YOUR SPINAL COLUMN WILL REACT  
AND WHAT THE RESULTS WILL BE.

THE LIFTING OF A BURDEN CANNOT PRODUCE A SUBLUXATED VERTEBRA UNTIL YOUR NERVOUS SYSTEM  
LOSES COMMAND OF THE SITUATION AND CAUSES ONE SET OF MUSCLES TO BECOME UNBALANCED.  
FLEXION AND EXTENSION AND ROTATION ARE NORMAL RANGES OF MOTION, AND ARE ESSENTIAL TO  
NORMAL BODY FUNCTION. SUCH MOTION CAN ONLY RESULT IN A SUBLUXATED VERTEBRA WHEN AT  
THAT PARTICULAR TIME, THAT PARTICULAR VERTEBRA CANNOT RESPOND FULLY TO DEMAND STIMULI  
GENERATED THROUGH IT'S MUSCULAR CONTROL FACTORS.

THE MAN WHO COUGHS AND FEELS A SHARP PAIN IN HIS SPINE, DID NOT PRODUCE THE CAUSE OF  
THAT PAIN THROUGH THE ACT OF COUGHING, BUT HE DID UNCOVER A WEAKNESS IN THAT SPINE  
WHICH HAS FAILED TO RESPOND MANY TIMES TO DEMAND STIMULI, BUT TODAY WAS CAUGHT FULLY  
ASLEEP AND UNPREPARED.

THE CHIROPRACTOR MUST ALWAYS REMEMBER THAT MORE SKELETAL MUSCLES CAN BE RELAXED BY  
CORRECT OCCIPITAL ADJUSTING THAN BY ANY OTHER MEANS. THE ATLAS IS NEXT IN ORDER,  
THEN THE AXIS. HAVE A GREAT 1977 AND REMEMBER TO LOVE AND BE KIND TO ONE ANOTHER. S.P.

January 1977

Grafton N.S.W. 2460

1977 S.O.T. NOTES DR. DEJARNETTE HAS RELEASED A LITTLE INFORMATION ABOUT THE 1977 NOTES. THERE WILL BE APPROXIMATELY 275 PAGES, HOPEFULLY WITH A NEW TYPE BINDING. WE HAVE INCLUDED THE R + C IN IT'S NEW FORM...SUBLUXATION PATTERNS IN THEIR NEW DRESS...AND PAIN CONTROL IN SEVEN DIFFERENT TECHNIQUES. THE MAJOR THINKING THIS MIGHT BE THE LAST ISSUE OF THE ANNUAL S.O.T. MANUAL, DID A LOT OF SORTING AND PUTTING TO MAKE IT THE BEST. MANY NEW INNOVATIONS IN S.O.T....A NEW INTERPRETATION OF THE DOLLAR SIGN...THIS IS PERHAPS THE MOST ADVANCED RESEARCH IN 55 YEARS...A NEW SPINAL EXPLORATION ETC.

THERE IS ALSO A NOTE IN THIS LATEST NEWSLETTER "THERE WAS NOTHING WE COULD DO ABOUT PRICES, AND WE DID NOT WANT TO CANCEL THE 1977 MANUAL AND THE SEMINARS, SO WE DID THE BEST WE COULD WITH THE MINIMUM PRICE BOOST."

S.O.T. FUTURE THE MAJOR SPENT \$3,000,000.00 TO DEVELOPE S.O.T. AND BRING IT UP TO 1977. THE WHOLE WORKS WILL BE FORSALE IN 1978 FOR ONE MILLION DOLLARS...\$100,000.00 PER YEAR FOR TEN YEARS. THIS INCLUDES THE WHOLE BUSINESS...SACRO OCCIPITAL TECHNIC AND IT'S OVER 100 COPYRIGHTS.....CRANIAL TECHNIQUE AND IT'S COPYRIGHTS...EXTREMITY TECHNIQUE AND IT'S COPYRIGHTS AND C.M.R.T. AND IT'S COPYRIGHTS. THIS INCLUDES THE COPYRIGHTS ON THE T.S. LINE AND MANY MORE. IT IS HOPED THAT THE S.O.T.O. AND THE S.O.R.S.I. WILL BECOME THE NEW OWNERS, BECAUSE THE MAJOR WANTS THIS TO REMAIN IN THE CHIROPRACTIC FAMILY. THERE ARE ENOUGH PEOPLE IN THE S.O.T.O. AND THE S.O.R.S.I. TO FORM A CONGLOMERATE TO HANDLE THIS DEAL AND EVERYONE WILL PROFIT AND FEEL GOOD. THE S.O.T.O SHOULD HAVE INSTRUCTORS THAT INSTRUCT ONLY IN S.O.T. THE EXTREMITY GROUP SHOULD HAVE THEIR INSTRUCTORS AND INSTRUCT ONLY IN EXTREMITY TECHNIQUE. THE CRANIAL GROUP SHOULD BE EXCLUSIVE AND INSTRUCT ONLY IN THE CRANIAL FIELD. OFFICES SHOULD BE ESTABLISHED THROUGHOUT THE WORLD WHERE ALL OF THIS IS AVAILABLE AS SPECIALTIES AND WHERE SUCH CAN BE TAUGHT AS SPECIALTIES. THE MAJOR HAS FOR 52 YEARS BEEN TOO BUSY TO DO THOSE THINGS HIMSELF BUT HE HAS DEVELOPED THE TECHNIQUE AND KNOWS THE POTENTIAL. THE BUYERS WILL HAVE A TOTAL CONTROL OVER MUCH OF THE TECHNIQUE FIELD FOR MANY YEARS TO COME THROUGH THE MAJORS COPYRIGHTS. THERE ARE NOW 15,000 CHIROPRACTORS WHO NEED AND WANT AND WILL STUDY S.O.T. WHEN IT IS AVAILABLE LOCALLY ON A SCIENTIFIC BASIS. THE ONLY REQUEST THE MAJOR HAS OTHER THAN THE \$1,000,000.00 IS THAT WHEREVER THE HEADQUARTERS ARE, HIS DESK AND AWARDS WILL BE ON DISPLAY TO ALL TO PROVE THAT YOU CAN BE POORER THAN A CHURCH MOUSE, BUT IF YOU HAVE THE HEART AND THE BRAINS AND THE DESIRE AND THE LOVE YOU CAN CLIMB AS HIGH AS YOU WISH. CHIROPRACTIC NEEDS S.O.T. AND THE S.O.T.O. AND THE S.O.R.S.I. SHOULD GATHER DURING 1977 AND THINK THIS THING THROUGH VERY CAREFULLY AND VERY SERIOUSLY.

CLASSIFYING S.O.T. TEACHING S.O.T. IN A CHIROPRACTIC COLLEGE CAN BE DIFFICULT IF THE COLLEGE DOES NOT INSIST ON THE JUNIOR AND SENIOR STUDENT RULE. S.O.T. CAN BE UNDERSTOOD BY JUNIORS AND SENIORS, BUT MOST PROBABLY NOT BY FRESHMEN AND SOPHOMORES. WE HAVE MADE NO ATTEMPT IN OUR NOTES TO ELABORATE ON THE HUNDREDS OF RESEARCH PROJECTS IMPLEMENTED TO DEVELOPE S.O.T. SUCH PROJECTS ARE BORING, AND NO ONE WOULD PAY A DIME TO SIT AND LISTEN TO THEM. PRINCIPLES ARE MORE IMPORTANT THAN STEP BY STEP PROJECTS. THE 1977 S.O.T. NOTES, IF STUDIED AS A TEST AND PAGE BY PAGE, WILL INSTRUCT IN ALL BASIC STEPS AND REASONS FOR EACH STEP. REMEMBER AT ALL TIMES THAT S.O.T. IS DIFFERENT. IF MEDICINE OR ORDINARY CHIROPRACTIC COULD EXPLAIN S.O.T., THEY WOULD TEACH S.O.T. WE DO NOT HAVE TO PROVE S.O.T. TO MEDICINE OR CHIROPRACTIC. WE SIMPLY HAVE TO PROVE THAT NO ONE HAS A BETTER WAY OF ACCOMPLISHING WHAT WE ACCOMPLISH IN CORRECTING THE FAULTS OF MAN'S BODY MECHANICS AND HIS NEUROLOGIES AND HIS PHYSIOLOGIES. WE DO NOT TEACH A STATIC SUBLUXATION THEORY OR THERAPY. WE TEACH THAT MAN IS AN ACCEPTANCE AND REJECTION BEING, AND WE MUST DEVELOPE WHAT MAN CAN ACCEPT AND USE TO THE BEST ADVANTAGE HEALTH-WISE.

MAN'S INTELLIGENCE IS IN THE FRONT PART OF HIS BRAIN. THIS IS THE BEST PROTECTED PART. MAN'S FUNCTIONS ARE BASICALLY MANUAL DEXTERITY AND THOSE CENTRES ARE AT THE SIDES OF HIS BRAIN. MAN'S COMMUNICATION, VISUAL AND AUDITORY CENTRES ARE IN THE BACK OF HIS BRAIN. MAN'S CO-ORDINATING CENTRE IS THE DEEPEST OF ALL CENTRES, BUT THE MOST LIABLE TO BE DAMAGED, YET THE MOST READILY REPAIRED.

MAN'S BRAIN IS PROTECTED BY THE DURAL MEMBRANES AND THE TOTAL MENINGEAL SYSTEM, AND THIS SYSTEM EXTENDS THROUGHOUT THE LENGTH OF THE SPINAL CORD AND AFFORDS THE SAME PROTECTION TO THE CORD AS IT DOES TO THE BRAIN. MAN'S IMPORTANT INTERCEREBELLAR SYSTEMS ARE SUNKEN IN BONE AND ARE ACTUALLY LITTLE RIVERS AND LITTLE PORTS.

MAN'S GRAVELY IMPORTANT AREAS OF MOTION HAVE TO BE THE OCCIPITO-ATLANTIAL OR BETTER KNOWN AS THE BASIC CONDYLAR SYSTEM. EACH IS CONNECTED TO THE OTHER AND EACH IS INTERDEPENDENT UPON THE OTHER. YOU CANNOT TRAUMATIZE ONE END OF MAN WITHOUT TRAUMATIZING THE OTHER END IN A LIKE MANNER.

WHY IS IT ONLY MAN IS CAPABLE OF ALTERING THE LENGTH OF ONE LEG AT CERTAIN TIMES AND DUE TO CERTAIN FUNCTIONS OF HIS BODY? WHY WOULDN'T BOTH LEGS LENGTHEN OR SHORTEN? IF BOTH LENGTHENED OR SHORTENED EQUALLY, NO ONE WOULD HAVE A MEANS OF COMPARISON UNLESS HE HAD A DETAILED HISTORY OF THE VICTIM ON FILE AT ALL TIMES. WHY IS IT THAT THE FEMALE AT OVULATION WILL SHOW A RIGHT LEG SHORT AND THEN TEN DAYS LATER, A LEFT LEG WILL BE SHORT? WHY DO THE ARMS CHANGE LENGTH? WHY DOES THE ACTUAL DIAMETER OF THE ORBITS CHANGE FROM DAY TO DAY? WHY DOES THE FUNCTION OF HEARING CHANGE RAPIDLY IN CERTAIN POSITIONS OF THE MAN'S BODY? WHY DO CERTAIN DISTORTIONS OF MAN'S BODY ALTER HIS TASTE BUDS AND HIS APPETITE?

YOUR WRITER HAS RESEARCHED HUNDREDS OF DOGS, CATS AND RABBITS. THEY HAVE NONE OF THE FEATURES ABOVE MENTIONED AND THEY HAVE NONE OF THESE CAPABILITIES. IS GOD TRYING TO TELL US THAT MAN IS DIFFERENT AND THAT IT TAKES A DIFFERENT UNDERSTANDING OF MAN TO HEAL HIS HURTS? IF THAT IS SO, THEN WE CAN ONLY LEARN BY STUDYING MAN. IF MAN IS TRULY A CHIROPRACTIC IMAGE, THEN ONLY CHIROPRACTIC HOLDS THE ANSWERS TO HIS PROBLEMS.

INNATE INTELLIGENCE WAS ONE OF B.F. PALMER'S GREAT PHILOSOPHIES AND HE COULD SHOW THAT INNATE COULD ANSWER ALL OF MAN'S PROBLEMS WHEN UNDERSTOOD. DOES MY DAUGHTER'S DOG HAVE INNATE INTELLIGENCE AND IF SO, IS IT THE SAME AS MY OWN? I DO NOT ANSWER TO THE SAME SOUNDS AS HER DOG. I DO NOT BARK AT OTHER DOGS. IF OUR INNATES WERE AKIN, WE COULD COMMUNICATE BETTER.

IS IT POSSIBLE THAT MAN INHERENTLY MAKES MANY OF HIS OWN STRUCTURAL AND SOFT TISSUE ADJUSTMENTS AS HE RESTS? IS IT POSSIBLE THAT WHEN MAN IS IN PAIN HIS STRUCTURE FUNCTIONS DIFFERENTLY THAN WHEN NOT IN PAIN, AND WOULD THIS DIFFERENCE BE MOST IMPORTANT TO UNDERSTAND WHEN HE IS WELL OR SICK?

HAVE THREE MEN JUMP FROM THE SAME PLATFORM ONTO THE SAME SURFACE...EACH WEIGHING APPROXIMATELY THE SAME AND EACH THE SAME AGE. EXAMINE THE THREE BEFORE AND FOLLOWING THE JUMP. WILL THEY BE THE SAME IN THE BEGINNING AND ENDING AND WILL THE DIFFERENCE BE EQUAL AND LOCATED THE SAME IN THE THREE? IF YOU CHANGE ONE END OF MAN, WILL THAT ALWAYS CHANGE THE OTHER END IN A PREDICTABLE MANNER?

IF MAN IS AN ANATOMICAL, NEUROLOGICAL, MECHANICAL PROBLEM, THEN ONLY A KNOWLEDGE OF ANATOMY, NEUROLOGY AND MECHANICS CAN HELP YOU SOLVE MAN'S HEALTH PROBLEMS AND RESTORE HIS TRAUMATIZED PARTS TO AS NEAR NORMAL AS POSSIBLE. A KNOWLEDGE OF PHYSIOLOGY IS IDEAL BUT WHEN YOU FILL YOUR BRAIN WITH ANATOMY, NEUROLOGY AND MECHANICS, THE SPACE YOU HAVE LEFT HAS TO BE USED TO MANAGE YOUR HOME, YOUR MONEY, YOUR SOCIAL LIFE AND YOURSELF.

SACRO OCCIPITAL TECHNIC ACKNOWLEDGES MAN AS A SPECIES UNTO HIS OWN, AND RESPONSIVE WHEN SICK OR HURT, ONLY TO THOSE THINGS WHICH RESTORE HIS OWN PARTS TO ORGANISED AND INTELLIGENT FUNCTION. IF MAN IS SELECTIVE, THEN HE IS SELECTIVE AS TO WHICH VERTEBRAL ADJUSTMENT HE WILL RESPOND TO TODAY. THIS SELECTIVITY PRECLUDES ANY AND ALL GENERAL APPLICATIONS OF ANY AND ALL PROCEDURES.. TO DRIVE A NAIL INTO A BOARD, YOU CAN STRIKE THE BOARD AND HOLD THE NAIL, OR SPECIFICALLY AND WITH LESS SCARRING AND EFFORT, YOU CAN LAY THE BOARD DOWN, HOLD AND STRIKE THE NAIL.

IN THIS PROCESS OF SELECTIVITY, WE ALSO HAVE A HEALTHY RESPECT FOR MAN'S REJECTION SYSTEM, FOR HE ALONE KNOWS WHAT HE CAN HANDLE AT THAT MOMENT OF THE ADJUSTMENT'S IMPACT. IF THE IMPACT IS IN ERROR IN ANY FORM, THE SELECTIVE MECHANISM MUST EXCITE THE REJECTION MECHANISM AND YOUR PATIENT FEELS FAR WORSE THAN BEFORE THE IMPACT OF THE THRUSTING ADJUSTMENT. COMMONLY, PATIENTS HAVE SELECTED MEN OF FEAR, AND MEN
